I. SPECIAL NOTICESsince LNM 13/97

ERIE CANAL - NY -Bridge Construction, Chart 14786

Boaters are advised that the erection of the Route 26 southbound bridge over the Erie Canal, started on JUNE 16, 1997. The southern half of the channel will be closed to navigation for the duration of this project. There will be periodic delays of up to one hour as the contractor puts steel in place. Construction will take place during daylight hours Monday through Friday. The project will be completed by the end of JUNE 1997. The project will be located between navigation stake lights W637 and W639, (NOAA Chart 14786 on page E-20). Commercial vessels should notify Canal Operations at (518)471-5016 and the area will be cleared for their passage. For updates on the New York State Canal System navigation, please call (518)471-5016. [14/97]

IV. CHART CORRECTIONSsince LNM 13/97

Corrective action affecting charts is contained in this section. Chart corrections are listed numerically by chart number. The correction listed pertains to that chart only. It is up to the mariner to decide what charts are to be correctedThe following example explains the individual elements of a typical correction.

Chart number	Chart edition	Edition date	Last Local Notice to Mariners	Reference datum	Source Agency of correction	Current Notice to Mariners
14922	17th ed. MANITOWOC AND SHEBOYGAN HARBORS Change	4/25/92	Last LNM 12/93	NAD 83	(CGD9)	17/93
		Manitowoc South Breakwater Light to "3" Fl G 2.5s, 37ft 8 StM			44 05 29.0N	87 38 37.0W
	Corrective action		Object of corrective action			Position

The letter **(M)** immediately following the chart number indicates that the correction should be applied to the metric side of the chart only. (Temp) indicates that the chart correction action is temporary in nature. Courses and bearings are given in degrees clockwise from 000 true. Bearings of light sectors are toward the light from lakeward. Nominal range of lights is expressed in statute miles (St. M).
